Coffee Table, 16H 36D1A	18-1636	36"	36"	16"					37 lb.

**Wood Species**

Maple or Oak

**Frame**

The entire frame is a single structure and is constructed of 7/8" and 1 1/8" plywood. A glide spans the width of the unit in the front and rear.

**Backs**

The back is incorporated into a composite frame. The back cushion is made of high density polymeric urethane foam.

**Seats**

The seat is incorporated into a composite frame. With the exception of the wedge units, seating comfort is enhanced by elastic polyester monofilament material drawn over an opening in the deck. Cushion is made of high density polymeric urethane foam.

**Moisture Barrier**

Sauder laminates a waterproof polyurethane membrane to the polymeric urethane foam. It is waterproof, mil-

dew-proof, and washable.

**COM**

Customer's Own Material is estimated yardage based on 54" wide, solid-color fabric. Actual required yardage may vary depending on special instructions for matching direction of pattern. A sample must be submitted to determine actual yardage needed and any additional upcharge.

**Cal TB 133 Specifications**

All seating products can pass Cal TB 133 when appropriate materials are specified.

**Assembly and Disassembly**

All components are assembled and disassembled with a single hex key wrench. The seat cushion and seat deck is removable for maintenance without disassembly of the main frame structure.

**Warranty**

This product is warranted against defects in materials and workmanship for a period of 25 years from date of

delivery. Sauder Program Fabrics are warranted for 3 years.

**Note**

Fabrics shown in this literature were readily available at time of photography. However, Sauder Education cannot guarantee continuing availability of any fabric or finish.
