Key

U = Upholstered NS = Non-Stackable
W = Wood

Wood Species

Beech

Frame

The Grille chair frame is constructed from solid Beech with mortise and tenon construction.

Seat

Removable upholstered seats are made of 3/8" thick plywood, covered with 1½" thick high quality foam and fabric. Wood seats are constructed of solid wood, contoured and finished to 1" thickness.

Glides

7/8" Plastitak, beige (standard)
7/8" Chrome/Rubber Cushion (optional)

Finish Materials & Methods

First application is an organic pigment, grain enhancing stain. The second application is a high solids catalyzed sealer. After the sealer is dry, it is sanded. Final application is #55 gloss high solids mar-resistant catalyzed finish. Sauder Education finishes are E.P.A compliant.

COM

Customer's Own Material is estimated yardage based on 54" wide, solid-color fabric. Actual required yardage may vary depending on special instructions for matching direction of pattern. A sample must be submitted to Sauder Education to determine actual yardage needed and any additional upcharge.

Cal TB 133 Specifications

All seating products can pass Cal TB 133 when appropriate materials are specified.

Warranty

Chairs are warranted against defects in materials and workmanship for a period of 2 years from date of delivery.

Note

Fabrics and Finishes shown in this literature were readily available at time of photography. However, Sauder Education cannot guarantee continuing availability of any fabric or finish.
