Finish Materials & Methods

First application is an organic pigment, grain enhancing stain. The second application is a high solids catalyzed sealer. After the sealer is dry, it is sanded. Final application is #55 gloss high solids mar-resistant catalyzed finish. Sauder Education finishes are E.P.A. compliant.

COM

Customer's Own Material is estimated yardage based on 54" wide, solid-color fabric. Actual required yardage may vary depending on special instructions for matching direction of pattern. A sample must be submitted to Sauder Education to determine actual yardage needed and any additional upcharge.

Cal TB 133 Specifications

All seating products can pass Cal TB 133 when appropriate materials are specified.

Warranty

Chairs are warranted against defects in materials and workmanship for a period of 10 years from date of delivery.
