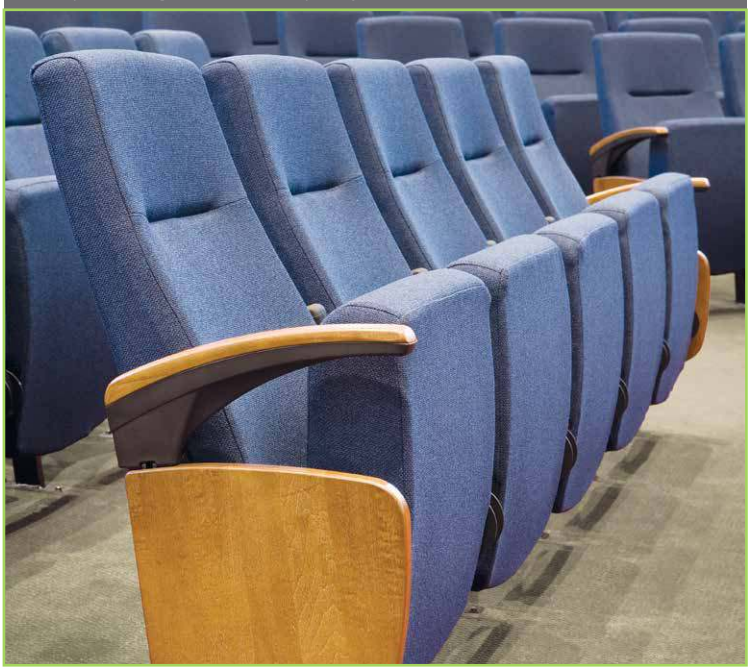
Sauder Education®

saudereducation.com

Clarity™ Auditor

Tablet Arms - When a writing surface is required, Clarity is at the head of the class. The tablet mechanisms are robust and safe with laminated writing surfaces that are virtually indestructible.

Slim Profile – Gravity-lift seats create the slimmest (18.5") profile in the up position, allowing for more standing and walking space without compromising comfort or capacity.



Clarity

Every institution has it's own character and culture built around core values. Sauder recognizes and celebrates this diversity. Clarity auditorium seating provides a variety of flexible options.

Developed with Sauder's SmartDesign™ technology, the Clarity seating system provides unparalleled comfort, remarkably quiet operation, and lowest lifetime ownership cost. On this solid foundation, Clarity builds a chameleon like ability to serve the diverse needs of today's education institutions. From lecture class to performance hall to campus chapel, our optional finish, fabric, construction and functional details offer the opportunity for standardization across facilities while providing a unique solution for each.

Features

- Ergonomically contoured seat and back, including optimal lumbar support, has over 4" of foam at critical pressure points
- Over 80% of components and 100% of assembly occurs in the U.S.A.
- Remarkably quiet operation, based on the simplicity and reliability of gravity
- The lowest lifetime ownership cost, with easily renewable upholstery, minimum fasteners to loosen over time, and no moving seat-lift mechanism parts to wear out
- GREENGUARD® Certified for low chemical emissions UL.COM/GG UL 2818*
- On time delivery and installation
- Partnered project management, which includes your assigned in-house CAD floor plan designer and Project Coordinator

Serving and Learning

Sauder's entry into seating for the Education Market is a natural outgrowth of our established position in worship furniture. We apply the same skills and principles to answer very similar concerns regarding comfort, durability, design, function, and service. And like all good institutions, we partner with our customers to always provide the optimal seating solution.

The Sauder Advantage

Sauder Manufacturing offers the stability of almost 80 continuous years of furniture production and service from the same location in America's heartland. Our experience allows us to truly take the long view of your seating installation. We can help design a seating layout for any function, execute the installation, and be there when you call – whether that's next week, next month, next year, or even the next generation.

Options & Accessories

Aisle Panels
Three solid wood or upholstered styles.

Arm / Armless Options
Stationary, tablet, lift-up, flip-up or armless configurations available at purchase or can be added at a later date. Lift-up and armless options are ADA compliance and provide for easy exiting.

Armrest Caps
Polymer, wood and upholstered.

Back Outer Panels
Upholstered, wood veneer and polymer versions.

Drink Holders
Designed to accommodate a variety of cup sizes.

Offset Standard
Allows for carpet aisle to reach under the end panel for a custom look and easier aisle cleaning.

High Back
Allows for balcony installation, gives increased code compliance, and allows for seating modesty on taller risers. Not available on the wide seat.

Floor Mount Pitch Options
Standards available in 0°, 2.5°, and 5°.

Removable Anchor System

Riser Mount Standards
Allows for greater installation flexibility, is easier to clean under, and gives a clean uncluttered look under the seat.

Row & Seat Identification

Row Identification Lighting

Swing-out ADA End Panel
Has an easy to use release mechanism, can be placed at any row end, and is ADA compliant.

Two or Three Seat Removable Units
Customize for special events or handicap seating.

Wide Seat and Back Options
Allows for the desired seating space to accommodate every guest.

Wood Options
Oak or maple in any Sauder finish or custom color match.
