105-0012 Cylinder Tables with ¾" Plinth

Height	Diameter	Weight
15"	18"	24 lb.
20"	18"	28 lb.
24"	18"	30 lb.
15"	24"	40 lb.
20"	24"	45 lb.
24"	24"	49 lb.
15"	36"	77 lb.

Cylinder Tables: Substrate is a spiral wound fiberboard with a seam spiraling through the cylinder. A ¾" particleboard circle is stapled on the inside top and bottom of the cylinder form. For any cylinders larger than 30" diameter a support is also inserted in the inside center of the cylinder. Top is made of 45 lb. density particle board and is 1½" thick. Substrate is wrapped with maple veneers. Top is laminate (or matching veneer) with a solid wood edge band.

Cube Tables: Substrate is formed fiberboard. The top and bottom have a ¾" particle boards cut to fit the inside diameter of the cube. Top is made of 45lb. density particle board and is 1½" thick. There is also a ¼" masonite reveal.

Wood Species

Maple is standard. Oak is also available.

Backer

Polybak cabinet backer stabilizes top and prevents warping.

Finish

First application is an organic pigment, grain enhancing stain. The second application is a high solids catalyzed sealer. After the sealer is dry, it is sanded. Final application is #55 gloss high solids mar resistant catalyzed finish. Sauder finishes are E.P.A compliant.

Plinth

Black Plinth is standard at ¾". Also available without Plinth. 3" Plinth is available at an upcharge.

Warranty

Tables are warranted against defects in materials and workmanship for a period of 25 years from date of delivery.

To Order

1. Specify the model number and size of the desired table style. (Example: # 105-0012 15H x18)
2. Specify the wood species.
3. Specify the laminate and finish color.

Note

Finishes and table top surface shown in this literature were readily available at the time of photography. However, Sauder Education cannot guarantee continuing availability of any finish or table top surface.
