# zTrak bed system

## lift, shift, slide ... done!

It's really that easy.

Forget what you know about bed systems. The new zTrak bed system from Sauder Education® dramatically improves the process used to change bed heights.

Designed and engineered for the student room environment, zTrak only requires minimal effort from two people to change a bed height, while significantly reducing adjustment time.

zTrak changes what was physically cumbersome for campus staff or students into a simple, quick and economical process to manage. Students also gain the freedom to safely create a space that works for them with less effort.

### Easy adjustment

- > **No tools required** – zTrak with zLok knobs is a truly toolless system
- > No more juggling bed ends while struggling to find a level position
- > Defined attachment locations for easy and secure leveling

### A significant time savings

- > **Adjusts in 1/3 the time** compared to a traditional bed system\*
- > No disassembly needed for height adjustment
- > No lost time or stress collecting tools

### Control operating expense\$

- > Maintain labor costs year round as **staff can more efficiently adjust bed heights** as needed for conferences, events and moving days
- > Students have flexibility to safely adjust their own beds, reducing work orders

### Improve safety

- > **Alleviates frustration and strain** – no balancing bed pieces as ends remain upright
- > Less effort is required when adjusting

\* In timed studies college students lofting a traditional bed averaged 6:00 minutes, when the same students lofted the zTrak bed they averaged 1:48 minutes.

Open Track with Pin Plate

### Open Pin Track

- > Open track ensures the easiest height adjustment – *lift, shift and slide... done!*
- > Double pin plate provides maximum stability and longevity

**zLok Knob**

### zLok Option for Spring Base and Stabilizer Bar

- > Ergonomically designed for ease of lock and unlock
- > Quickly and safely stabilizes with a few turns
- > True toolless adjustment, no mallet needed to release or secure

*See page 5 to learn more.*

# zTrak system overview

Jr. Loft, Loft and Bunk systems are available in nine finishes to match Beechwood, Merit and Espresso Collections. All zTrak models are available with or without zLok knobs.

## jr. loft

The Jr. Loft system features three popular sleep positions, offering students the options they expect for both sleeping and storage needs. *Please note zTrak Jr. Loft beds are not stackable for bunking.*

## loft

The Loft system provides up to five positions to accommodate student sleeping, storage and study preferences.

## bunk

Two students sleep comfortably with 38" of open space above the bottom mattress.

## Personalize Wood Panel Guardrail

Add some school spirit to your student rooms by having your school name, logo or mascot engraved!

1. zTrak Bunk, XL 9717012
2. Side Table 9615522
3. Wood Panel Guardrail 9613746
4. Rail-Mounted End Shelf, Double 9625521
5. zTrak Bed-Mounted Desk 9725519
6. Trey® Task Chair 70206500

1. Side Table 9615522
2. Merit 3-Drawer Chest with Pullout 9335226
3. Merit High Rolling Pedestal 9325252
4. zTrak Jr. Loft with zLok, XL 9717008
5. Merit 30" Writing Desk with Pullout 9325239
6. Trey® Task Chair 7020650

zLok knobs turn to lock or release

## zLok spring and stabilizer

### A truly toolless system

The zLok spring base and stabilizer bar feature locking knobs which turn to tighten, allowing assembly, disassembly and height adjustment without the use of a mallet. Add this option to any zTrak model.

- > Eliminate the use of a rubber mallet or other tools
- > Reduce damage or abuse that can occur when "makeshift" tools are used
- > No loose parts to remove or misplace

1. Merit High Rolling Pedestal 9325252
2. Trey® Task Chair 7020650
3. Merit 30" Writing Desk with Pullout 9325239
4. Merit 3-Drawer Chest with Pullout 9335226
5. zTrak Loft with zLok, XL 9717010

### Universal Bed Accessories

- > Wood Panel Guardrail adds safety for bunk or loft
- > Desks and shelves add space- and cost-saving work surface/storage areas
- > Side table can serve as upper nightstand on bunk or loft

# zLok space planning

The zTrak Bed System provides simplified height adjustment with easy-to-locate attachment positions, which are strategically placed based on the most popular study and storage configurations available in the Sauder Education casegood lines. The examples shown can help determine the best system choice and plate option to suit the space planning needs of your residence halls.

**The Jr. Loft System** includes two 44.5" bed ends with three sleep positions, one spring base and one stabilizer bar.

**The Loft System** includes two 68" bed ends with three or five sleep positions, one spring base and one stabilizer bar.

**The Bunk System** includes two 68" bed ends with three or five sleep positions and two spring bases.

## Loft and Bunk Attachment Positions

## Loft Examples:

**High position:** Accommodates all storage and study options up to height of desk with 1-shelf study carrel.

**Mid-high position:** Accommodates all storage options including two stacked 2-drawer chests.

**Center position:** Accommodates three-drawer chests, all high rolling pedestals and 2-drawer stacking chest.

**Mid-low position:** Accommodates 2-drawer chests for under-bed storage.

**Low position:** Standard residential and ADA-recommended mattress height. Provides ability to add second mattress and spring in top position to create a bunk.

# zTrak bed system

## zTrak Bed System

zTrak Bed System is designed to reduce the amount of time and effort it takes to height adjust, assemble or disassemble loft and bunk beds in student rooms.

Traditional bed systems require complete disassembly in order to make height adjustments resulting in a significant amount of time, physical effort and potential frustration for students and maintenance personnel alike. Start reducing work orders, labor costs and frustration with the zTrak Bed System.

## Colors and Finishes

zTrak bed accessories and wood ladder ends are available in nine finishes matching existing Sauder Education casegood collections. Graphite and 2-toned graphite is only available on bed accessories. A two-step polyurethane finish process provides superior protection against moisture, cleaning solutions, abrasion and ultraviolet exposure.

### Beechwood

### Espresso

### Merit

## Our Warranty

**We take great pride in our work, so much that we offer:**

- > Bed systems and casegood furniture are guaranteed against defects in material or workmanship under normal indoor use for 10 years
- > Mattresses are guaranteed against defects in material for 5 years
- > Any approved warranty item will be repaired or replaced free of charge

Plan to furnish your facilities by selecting from the wide range of styles and options designed to fit your varied needs. Sauder Education offers renewable and traditional fully-upholstered seating and casegoods. Select from hundreds of fabrics and vinyls, along with multiple wood finish colors to create the perfect space for any campus.
