

TruStak

Bed

TruStak wood ladder end beds provide flexibility and ease of stacking. The select beech ladder ends include an integrated, self-aligning feature allowing accurate lofting and bunking on the first try.

Integrated self-aligning feature eliminates the need for loose pins and lines up quickly and securely. Strategic pin placement allows for easier positioning of the spring base while providing configurable flexibility in the student room.

TruStak Bed System

Made with an integrated self-aligning stacking feature and strategic pin placement for the spring base, TruStak improves the process needed for reconfiguring traditional student beds including height adjustments, lofting and bunking.

Colors and Finish

Graphite and 2-toned graphite is only available on bed accessories. A two-step polyurethane finish process provides superior protection against moisture, cleaning solutions, abrasion and ultraviolet exposure.

Warranty

Bed systems are guaranteed against defects in material or workmanship under normal indoor use for 10 years. Mattresses are guaranteed against defects in material for 5 years. Any approved warranty item will be repaired or replaced free of charge.
