Sauder Education®

Upholstered | Casegoods | Beds | Chairs | Tables

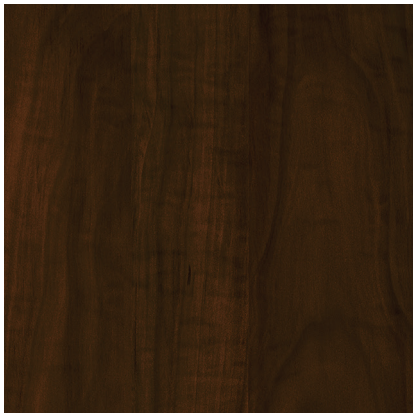

Finishes

Wheat

Sienna

Mocha

Fawn

Pebble

Charcoal

Simulating the natural variations in the color and grain of wood with a printing process will not produce an exact match to the finished product. This card is to be used as an indicator of color and grain. We recommend **any final selection be made after viewing physical samples** (color or material chips) in the lighting and environment in which the products will be used.

Sauder® Manufacturing Co. reviews and approves color samples for accuracy under cool white fluorescent light. If you have questions about any aspect of our finish process, please ask your sales representative for more information.
